MAHR ROADSHOW

KNOW-HOW ON SITE

The world of modern metrology

The Mahr show truck comes to you. Our metrology specialists advise you on site. We are happy to convey our know-how and experience to you.

When the Mahr show truck pulls up at your location on its EXACTLY tour and opens its showroom, you will be able to experience in our mobile exhibition room how metrology from Mahr can

- increase quality
- improve productivity
- use the chances of Industry 4.0
- optimize process costs

The metrology specialists from Mahr present modern measuring instruments – from hand-held metrology to measuring systems. They offer short training courses and advise you as to which measuring solution is right for you.

All the stops along our tour can be found here
